

Plan a Library Event

Any event during the year is an opportunity to showcase your library. Create an event or promotion that will get your Friends, trustees or other volunteers involved. You can host the event at the library or a local mall, county fair, park, or any campus venue and invite the media to attend. Visit www.ala.org/pio and click on Initiatives for information on initiatives celebrated nationwide, including Banned Books Weeks, Library Card Sign-up Month, Teen Read Week and National Library Week. Always invite elected officials to your events!
